for their countries and their fellow man

I need you to understand me
Big dreams, job schemes, hasbeens baby,

she sat down, I feel like everyman
Punches rained, pride hurt, hey blood stains,
I wonder why she hit me with a...

You are the sunshine in my life
You are the anguish sometimes
I need your love to keep me alive
You are...

I got something that could make you sing,
though it could kill you if it comes apart
An' you could never survive it, so come on back and laugh,
Man I gotta laugh

She hit me to the ground, I got up,
she sat down, I feel like everyman
Punches rained, pride hurt, hey blood stains,
I wonder why she hit me with a

You are the sunshine in my life
You are the anguish sometimes
I need your love to keep me alive
You are...
